NSBE

NATIONAL SOCIETY OF BLACK ENGINEERS

Collegiate - *Creating Opportunities for Professional Success*

Excelling Academically & Succeeding Professionally

- Approximately $500,000 in scholarships awarded annually
- Tutoring and academic support services valued at more than $45,000 through Achiever's Plus (A+)
- Graduate school test preparation seminars and support
- Graduate programs support through partnership with the National GEM Consortium
- More than 1,200 online job postings from corporate and government sponsors
- Seven career fairs annually with an annual average of 250 employers recruiting for thousands of positions

Impacting the Community

- A Walk for Education - A nationally funded program organized nationwide by local chapters and held annually with the goal of increasing awareness of opportunities in science, technology and engineering education.
- Volunteerism in Community Technology Centers through our Technical OutReach Community Help (T.O.R.C.H.) initiative
- Student mentoring programs for academic and professional success
- Community outreach through NSBE's Pre-College Initiative (PCI) program
- Mentoring opportunity at NSBE's Summer Engineering Experience for Kids (SEEK) Camp

Developing Leaders & Additional Membership Benefits

- More than 150 national and regional leadership positions
- Valuable leadership development through NSBE's unparalleled leadership experiences
- National Leadership Institute - yearlong program that provides leadership training
- Free subscription to the award-winning *NSBE Magazine*. Published three times a year, it offers the latest industry news and information important to engineering students and working engineers.
- Discounts at the NSBE Annual Convention and NSBE regional conferences
- Discounts on GMAT, LSAT, MCAT, and GRE preparation materials
- Free Microsoft software
- Free resume distribution service
